Having Daze provide the musical entertainment at our Golf Club Dinner & Dance in February 2008 ensured that the event was a great success. They engaged with the guests and kept the momentum going all evening and I was pleased to receive many favourable comments about their performance. Our guests ranged in age from teens to 70s & 80s and they managed to accommodate all tastes. They made every effort to meet our requirements and I would have no hesitation in hiring them again or recommending them.

All the best, Gill
